

ALCOHOL POLICY

Clio is committed to creating a safe and inclusive environment for all its members and participants during our events. In line with Dutch laws and our dedication to responsible drinking, this alcohol policy aims to ensure the well-being of our members, promote moderation and provide alternatives for members who choose not to consume alcohol.

1. Age Restriction: As per Dutch law, individuals under the age of 18 are strictly prohibited from consuming alcoholic beverages at any Clio event. If we suspect or detect anyone underage drinking the Board will take appropriate measures.

2. Responsible Drinking: We encourage all members and participants to drink responsibly and be mindful of their alcohol consumption. Excessive drinking not only poses health risks but may also impact the enjoyment of others at our events. We promote a culture of moderation and respect for individual boundaries.

3. Inclusivity: Clio is dedicated to fostering an inclusive atmosphere at all our events. We recognize that not everyone may choose to drink alcohol, and we strive to create an environment where everyone feels comfortable and welcome, regardless of their beverage preferences.

4. Beverage Options: Soft drinks will always be available at Clio events as an alternative to alcoholic beverages. In instances where we have a partnership with a venue or establishment, we will work to ensure that soft drinks are prominently featured and readily accessible.

5. Education and Awareness: Clio will provide information and resources to educate our members on the potential risks associated with alcohol consumption and ways to make informed choices. The Support committee has actively promoted this cause on their Instagram. We will also promote awareness of the support available for those who may be struggling with alcohol-related issues.

By adhering to this alcohol policy, Clio aims to create an environment that prioritizes the well-being, inclusivity, and enjoyment of all its members. At all our events we ensure to have two sober people. We appreciate the cooperation of our community in making our events safe, enjoyable, and memorable for everyone involved.
